

Guidelines for the 2024 Fall Graduate Admission (For the international(Foreign) applicants)

Admissions Schedule

Schedule	Date	Remarks
	2024 Fall Admission	
Online application	2024.3.20.(Wed), 10:00 ~ 4.2.(Tue), 18:00	Online Application
Submission of Documents	2024.3.20.(Wed), 10:00 ~ 4.3.(Wed), 18:00	Online Upload within the deadline
Announcement of Documents Screening	2024.5.16.(Thu), 14:00	admg-intl.unist.ac.kr
Interview	2024.5.20.(Mon) ~ 29.(Wed)	
Announcement of Successful Candidates	2024.6.19.(Wed), 14:00	admg-intl.unist.ac.kr
Registration	2024.6.19.(Wed), 14:00 ~ 25.(Tue), 18:00	Submit online 'Registration Confirmation'
Announcement of transition for scholarship	After 2024 Fall registration period ~ (UNIST → Government Scholarship)	Notified individually

※ Online Application

- Korean Applicants: <http://adm-g.unist.ac.kr>
- International(Foreign) Applicants: <http://admg-intl.unist.ac.kr>

※ The dates above are subject to change without a prior notice.

※ Details on the interview will be released by each department.

※ Announcement of transition for scholarship: Among the final successful applicants, if the applicants who have been accepted as the Government scholarship students do not register, the UNIST scholarship students may be converted into Government scholarship students according to UNIST's internal priorities. (Among those who have been accepted as the UNIST scholarship students.)

※ Announcement of the transition to government scholarship does not apply to all Application units(majors), but applies only to internally determined Application units(majors)

Academic programs

College	Department/ Graduate School/Program	Application Unit	Master			Combined Master-Doctor			Doctor

- ※ Names of academic programs are subject to change.
- ※ 'Semiconductor Materials and Devices Engineering' major does not accept foreign students as a policy.
- ※ The School of Energy and Chemical Engineering recruits applicants by integrating the application unit into the Energy Chemical Engineering major, and then assigns a major at the time of admission.
- ※ Whether to be a scholarship student depends on the evaluation, and scholarship benefits may vary.
- ※ Notice of Scholarship program, Inter-Institutional Scholarship Admission, and Application unit
 - (A) UNIST-IBS Neuroscience Inter-Institutional Scholarship Admission(Biomedical Engineering)
 - * For more details, please refer to [Annex 1]. When applying for admission, choose 'Biomedical Engineering' for application unit, 'Scholarship(Government or UNIST)' for Scholarship, and final successful applicant enter as an UNIST Scholarship student.
 - (B) 'ICT Convergence' Master's Degree Program Admission
 - * For more details, please refer to [Annex 2]. When applying for admission, choose 'ICT Convergence' for application unit, 'Other scholarship' for Scholarship, and final successful applicant enter as an Other Scholarship student.
 - * 'ICT Convergence' is applicable only for those who are employees of small and medium-sized enterprises in Ulsan, Gyeongnam, Busan region(Bachelor's degree holder), and maintaining employment during the master program is mandatory.(submission of employment certificate is necessary)
 - (C) Korea Institute of Ceramic Engineering and Technology Inter-Institutional Scholarship Admission(Department of Civil, Urban, Earth, and Environmental Engineering)
 - * Included 'UNIST-Korea Institute of Ceramic Engineering and Technology Inter-Institutional Scholarship Admission' for the department of Civil, Urban, Earth, and Environmental Engineering. For more details, please refer to [Annex 3].
 - * When applying for admission, choose 'Urban Infrastructure Engineering' or 'Environmental Science Engineering' or 'Disaster Management Engineering' for application unit, 'Other scholarship' for Scholarship, and final successful applicant enter as an Other scholarship student.(Not applicable to applicants who choose 'Water-Energy Nexus')
 - (D) Application unit of 'Water-Energy Nexus'
 - * Students will be financially supported by Korea Ministry of Environment(MOE) as 「Graduate School specialized in Integrated Water Resources Management」 (Tuition fee, laboratory practice expenses, overseas training fee)
 - * When applying for admission, choose 'Water-Energy Nexus' for application unit, 'Scholarship(Government or UNIST)' for Scholarship, and final successful applicant enter as an UNIST Scholarship student.
 - (E) 'Health Innovation and Entrepreneurship' in the Graduate School of Health Science and Technology accepts applicants who have 'Medical Doctor degree' only. And Applicants will be accepted to UNIST Scholarship or Other Scholarship.

□ Admission Quota

- The quota for 2024 UNIST graduate admission is around 000.
 - Master's degree is around 000
 - Combined Master's-Doctoral degree is around 000
 - Doctoral degree is around 00
- ※ The number of admission Quota is subject to change.

□ Definition of scholarship

- Scholarship funded by Korean government
 - Government fund in whole or in part student's tuition and scholarship.
 - ※ Employed applicants have to apply for the "Other Scholarship"
 - ※ Applicants currently employed may apply if they retire before admission; failure to retire before admission may result in the cancellation of admission.
 - ※ If the history of working at an external institution while attending UNIST is confirmed, the person concerned may be disadvantaged.
- Scholarship funded by UNIST
 - UNIST fund in whole or in part student's tuition and scholarship.
 - ※ Employed applicants have to apply for the "Other Scholarship"
 - ※ Applicants currently employed may apply if they retire before admission; failure to retire before admission may result in the cancellation of admission.
 - ※ If the history of working at an external institution while attending UNIST is confirmed, the person concerned may be disadvantaged.
- Scholarship funded by Others(Company, Institute, Yourself, etc.)
 - Student's tuition and scholarship in whole or in part funded by others(In case UNIST admits that tuition is to be paid by a student).

☐ Qualification for application

o Master's program and Combined Master's-Doctoral program

- Applicants who have a bachelor's degree or will be awarded a bachelor's degree by the first day of class or have an educational background equivalent to the above

※ 'Health Innovation and Entrepreneurship' major accepts applicants who have 'Medical Doctor degree' only.

o Doctoral program

- Applicants who have a Master's degree or will be awarded a Master's degree by the first day of class or who have an educational background equivalent to the above

☐ Guidance of documents required to be submitted by the 2024 Fall Semester registrants after final acceptance

o Admission should be canceled if documents related to 'Academic background verification' and 'Financial Verification' are not submitted within the designated deadline.

o Documents required for submission

- Academic Background Verification Documents

Category		Detailed Information
Submitted Documents	Degree in Korea	'Original Documents' for the final 'Degree Certificate (Graduation Certificate) and Transcript' * <u>Priority submission of 'expected graduation certificate' to prove visa-related academic background</u>
	Degree Abroad	'Original Apostille(Consular Confirmation) documents' for the final 'Degree(Graduation) Certificate and Transcript'
Submission Deadline	Degree in Korea	~ August 28th(Wed), 2024 (2024.8.28.(Wed), KST)
	Degree Abroad	~ July 17th(Wed), 2024 (2024.7.17.(Wed), KST) * <u>Koreans who do not need to issue visa can submit until August 28th(Wed), 2024 (2024.8.28.(Wed), KST)</u>
Submission Address		Admissions Team, Room #105, Main Administrative Building(201), UNIST-gil 50, Ulju-gun, Ulsan (44919), Republic of Korea * Tel. 82-52-217-1180 * It can be submitted by mail(post) or in person * Business hours: 09:00am~18:00pm, Lunch Time: 12:00pm~13:00pm

※ If the final accepted students do not submit the Apostille(Consular Confirmation) related to academic background verification documents

within the deadline, the admission should be canceled.

- ※ Only documents issued within 2 months from the date of submission to the admissions team are valid, and documents issued before that time are not accepted.
- ※ If you can not issue a graduation certificate because you have not yet graduated from a 'Korean university', first issue and submit the 'Expected Graduation Certificate', and then submit the original final 'Graduation Certificate and Transcript' after graduation by the deadline.
- ※ If it is not possible to submit 'Academic Background Verification Documents' within the specified deadline, please contact the admissions team and discuss in advance. (Inquiry: adm-g@unist.ac.kr)

- Financial Verification Documents

(Applicable only to the Management Engineering)

- In the case of international students(majoring in Management Engineering) who have finally accepted to the UNIST graduate program, must submit financial Verification documents to confirm that he(she) can cover his(her) living expenses in addition to the scholarship benefits provided.
- Submit a 'Bank Certificate of deposit(balance) or Bank Statement' of your own bank account with a balance equivalent to Below.

Category		Detailed Information
Required Bank Account Balance Equivalent	Major in Management Engineering (Master / Combined M-D)	USD 5,500 or more (in Student's Bank Account)
	Major in Management Engineering (Doctor)	USD 4,000 or more (in Student's Bank Account)
Submission Deadline	~ July 17th(Wed), 2024 (2024.7.17.(Wed), KST)	
Submission Address	Admissions Team, Room #105, Main Administrative Building(201), UNIST-gil 50, Ulju-gun, Ulsan (44919), Republic of Korea * Tel. 82-52-217-1180 * It can be submitted by mail(post) or in person * Business hours: 09:00am~18:00pm, Lunch Time: 12:00pm~13:00pm	

- ※ Admitted applicants for Major in Science and Engineering(Master/ Combined Master-Doctor/Doctor) don't need to submit the 'Financial Verification Documents'.
- ※ All the documents must be shown in USD or the USD equivalent of foreign currency and be issued within 30 days unless it has its valid date.
- ※ All financial documents must be written in English and submitted in the original copy with notarization.

☐ Scholarships

o Scholarship funded by Korean government

- Tuition fee waiver (Tuition: KRW 3,840,000/semester)
- Stipend Offer

(1) Major in Science and Engineering

- Master: More than KRW 9,600,000/year (KRW 800,000/month)
- Doctor: More than KRW 13,200,000/year (KRW 1,100,000/month)
- ※ When a student participates in a research project of the affiliated laboratory and supports learning and research activities, the above Stipend is paid based on the minimum amount and the Stipend can be provided differently according to the participating Lab.
- ※ Professional·Special graduate school, Management Engineering students, Students who are enrolled exceeding the class period are not included.

(2) Major in Business Administration(Management Engineering)

- Master: More than KRW 2,880,000/year (KRW 240,000/month)
- Doctor: More than KRW 4,740,000/year (KRW 395,000/month)
- ※ The School of Business Administration(Management Engineering) applies a separate standard for scholarships(cost of living expenses).
- ※ When a student supports learning and research activities, the above Stipend is paid based on the minimum amount and the Stipend can be provided differently according to the participating Lab.
- Students pursuing Doctoral degree are eligible for technical research personnel recruitment. (For Korean Students)
- Dormitory on campus is available for graduate students.

o Scholarship funded by UNIST

- Tuition fee support (Tuition: KRW 3,840,000/semester)
- ※ Successful applicants pay the tuition at their own expense. And when Stipend is paid during the semester, their advisors support the divided amount corresponding to the tuition.
- Stipend Offer (Including tuition support amount)

(1) Major in Science and Engineering

- Master: More than KRW 17,280,000/year
- Doctor: More than KRW 20,880,000/year
- ※ When a student participates in a research project of the affiliated

laboratory and supports learning and research activities, the above Stipend is paid based on the minimum amount and the Stipend can be provided differently according to the participating Lab.

- ※ Professional·Special graduate school, Management Engineering students, Students who are enrolled exceeding the class period are not included.

(2) Major in Business Administration(Management Engineering)

- Master: More than KRW 10,560,000/year
- Doctor: More than KRW 12,420,000/year

- ※ The School of Business Administration(Management Engineering) applies a separate standard for scholarships(cost of living expenses).

- ※ When a student supports learning and research activities, the above Stipend is paid based on the minimum amount and the Stipend can be provided differently according to the participating Lab.

- Students pursuing Doctoral degree are eligible for technical research personnel recruitment. (For Korean Students)
- Dormitory on campus is available for graduate students.

o Scholarship funded by Others(Company, Institute, Yourself, etc.)

- Tuition fee shall be paid. (Tuition: KRW 3,840,000/semester)
- Non-payment of Stipend
- Non-incorporated in Technical Research Personnel
- Dormitory on campus is available for graduate students.

※ Scholarships are subject to change and will be given under UNIST regulations.

Admission Process

o Evaluation

- 1st evaluation(Document screening): Documents submitted will be evaluated on the basis of the applicant's academic achievements, potential, and personal accomplishments.
- 2nd evaluation(Interview): Applicants will get interviewed on the basis of the applicant's basic knowledge of major, level of interest in research, proficiency in English, and personal accomplishments.

※ Interview can be conducted Online or Face-to-face.

o Decision of successful applicants

- 1st evaluation(Document screening): Based on the document screening results, 2nd evaluation(interview) interviewees will be determined.
- Final successful applicants: The final successful applicants will be determined according to the results of the interview evaluation.

Required Documents

No	List	Master	Combined Master -Doctor	Doctor
1	Check List of Documents(Form 1)	○	○	○
2	Application Form	○	○	○
3	Transcripts of Bachelor's Degree * Transfer students must submit school transcripts prior to transfer	○	○	○
4	Transcripts of Master's Degree	-	-	○
5	Diploma(Certificate) of Bachelor's Degree * If submission is not possible, please submit 'certificate of expected graduation' or 'certificate of enrollment'.	○	○	○
6	Diploma(Certificate) of Master's Degree * If submission is not possible, please submit 'certificate of expected graduation' or 'certificate of enrollment'.	-	-	○
7	Study Plan and Personal Statement(Form 2)	○	○	○
8	English Test Report(Score)	○	○	○
9	Letter of Disclosure Agreement(Form 3)	○	○	○
10	Recommendation Letter from Others(Company, Institute, etc.) (Form 4, Only for student funded from Others) * No need to submit for those who pay for education expenses (tuition) by own self	△	△	△
11	Certificate of Employment(Only for student funded from Others) * Submit only those who can issue a certificate. * Applicants for the ICT Convergence are required to submit an employment certificate, which is not optional but mandatory.	△	△	△
12	Additional Documents	△	△	△

※ ○: Mandatory, △: Optional

※ Applicants for the ICT Convergence are required to submit an employment certificate, which is not optional but mandatory.

o Important notes

- All the required documents shall be uploaded to UNIST Admission application system before the deadline(Attached by a(one) PDF file, Less than 32MB).
- Application Form: Print out the completed application form
 - * Applicants who apply for Doctoral course shall provide the advisor's contact information. (The evaluators can ask for a recommendation letter to the advisor of master's degree.)

- Diploma(certificate) of Bachelor's(Master's) degree
 - * University in Korea: Applicants who are graduated from a Korean university shall submit the original diploma(certificate) of degree.
If he(she) is a prospective graduate, he(she) shall submit an original certificate of enrollment or certificate of expected graduation.
 - * University abroad: Applicants can submit notarized copy of diploma(certificate) of degree.(Prospective graduate can submit a certificate of enrollment or certificate of expected graduation.) Successful candidates shall submit 'the diploma(certificate) of degree and the transcripts' with Apostille or Consular confirmation(have them authenticated) by the Korean embassy.
- Transcripts
 - * University in Korea: Applicants shall submit the original transcripts. If the applicants transferred from one or more universities, each transcript is required from all universities.
 - * University abroad: Applicants can submit a notarized copy of transcripts. Successful candidates shall submit 'the diploma(certificate) of degree and the transcripts' with Apostille or Consular confirmation(have them authenticated) by the Korean embassy.
 - * Prospective graduates must submit transcripts with all grades up to the available semester(submission of transcripts for all grades after admission will be requested).
- Diploma(certificate) of Bachelor's (Master's) degree and transcripts must be submitted in English. If the issued documents are not in English, they must be translated into English and notarized.
- Study plan and Personal Statement: It has to be included the application number after the online application and should be written in English.(When filling out online form, the application number is automatically entered.)
- English Test Report(Score): English proficiency tests operated by official english test institutes(A test result of TOEIC, TOEFL (Code: 8807), IELTS, TEPS, G-TELP, TOEIC S/W, OPIC)
- Additional Documents: Applicants may submit documents proving their qualifications or research achievements. (Applicants for the

doctoral program can submit a master's thesis.)

- In principle, all certificates and documents shall be issued within 'two month' from the start date of the online application.

o **Details on English Test Report(Score)**

- Applicants should submit a test result of TOEIC, TOEFL(Code: 8807), IELTS, TEPS(New TEPS), G-TELP, TOEIC S/W, OPIC, which is official english proficiency test score operated by any official english test institution.

* The test date shall be within 2 years of the online application deadline.

* The TOEFL ITP, which is a self-administered TOEFL conducted by universities or institutions, is not accepted.

* English scores such as Duolingo english test, IELTS Indicator and Etc. other than the English scores presented above are not accepted.

- Applicants do not need to submit the English Test Report, if they belong to one of the followings.

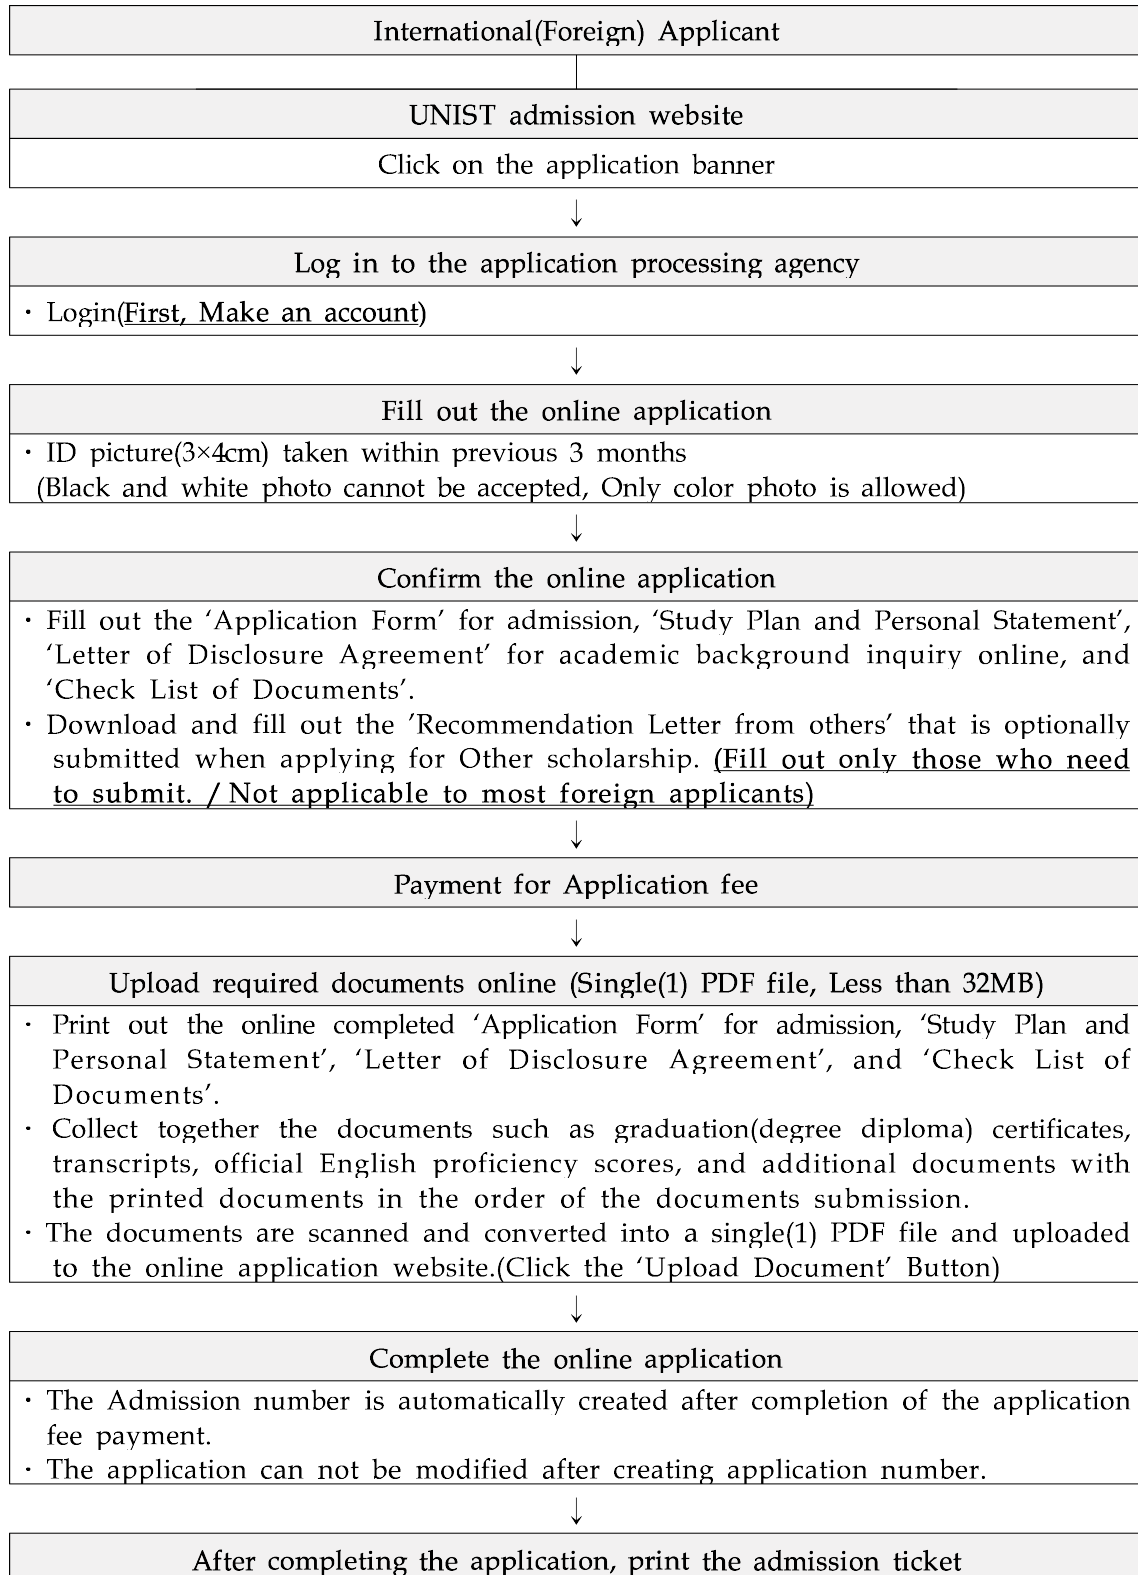

* Applicants who submit a certificate stating that all of their Bachelor's or Master's courses have completed with 100% English.

* Applicants who are native English speakers(U.S, Canada, U.K, Australia, New Zealand, Ireland, etc.)

❏ Application process

o Process (Do not use Smartphones, Tablet computers, or PDAs when Submitting, Printing and Uploading the application)

- International Applicant (For Korean applicants, please refer to the Korean admissions guidelines)

* Application Fee: KRW 50,000(About USD 40)
(Includes an online application processing fee of KRW 5,000)

- * The application is considered valid only after the payment of the application fee, and the application number will be automatically assigned upon completion of the application.
- * After the application is completed (and the admission number is assigned), modifications to the application are not allowed.
- * In case of losing your admission ticket, you can reprint it on the application website.

Announcement of successful candidates

o Schedule for the Announcement of screening results

Announcement	2024 Fall Admission
1st evaluation (Documents screening)	2024.5.16.(Thu), 14:00 (Korean Standard Time)
2nd evaluation (Interview)	2024.6.19.(Wed), 14:00 (Korean Standard Time)

o Important information

- All applicants shall check the evaluation results on the UNIST admission website. It is the applicant's responsibility to check the results.
- The results shall be checked only at the admissions website.
- Admission shall be cancelled if the successful candidate(applicant) does not submit the 'UNIST Graduate Admission Registration Confirmation' by the designated date.

Important Notes

- o The use of smartphones, tablet computers, PDAs, etc. that use mobile operating systems (including Macbooks) is prohibited when submitting online applications, printing and uploading documents. (The operating system and application reception page are not compatible, resulting in abnormal errors such as abnormal character spacing and overlapping of letters in the application and submitted documents)
- o When applying an online application, you must gather the required documents in the specified order and upload them

online as one PDF file.

- o Certain documents(e.g. Letter of Recommendation, Diploma, Transcripts, and English Test Report) can be sent directly and separately to the UNIST Admissions Team.(You must consult with the admissions team. In principle, individual submissions arbitrarily are not allowed.)
- o All the documents shall be uploaded(submitted) before the deadline.
- o Applicant's scholarship, major or program can be changed according to the applicant's consent within the evaluation period.
- o Applicants who can not upload(submit) the documents before the deadline or do not attend the interview will not be accepted.
- o Submitted documents will not be returned to students after enrolled in UNIST.
- o If an applicant acquires an admission illegally, the admission shall be cancelled. Furthermore, if a criminal case is suspected, the applicants will be reported to the authorities in both countries in accordance with the law.
- o If the successful candidate does not get graduated from previous school by the enrollment date(starting date of study in UNIST), his/her admission will be cancelled.
- ※ If who have obtained a degree from a abroad university, they must be able to graduate from the school and submit related academic documents at least 'two month' before the date of admission.
- o Successful candidates who have studied at the abroad university should submit the Diploma(Certificate of Degree) and the Transcripts with Apostille or Consular confirmation(having been authenticated) by the Korean embassy. Their admissions shall be cancelled, if they do not submit the documents.
- ※ Apostille or consular confirmed documents must be submitted in their original form, and the submission of copies of the

original is prohibited.

※ If the original certificate is issued only once, make a copy of the documents and get an apostille(consular confirmation) on the copy.

- o Successful candidates who have studied in China should submit the documents issued by the Ministry of Chinese Education with consular confirmation(by the Korean embassy) on it.
(中國高等教育學歷查詢報告; <http://www.chsi.com.cn>)
- o Applicants should read the admission guidelines carefully.
- o Applicants are responsible for any disadvantages that arise from applying without properly checking the admission guidelines.
- o A committee related to UNIST graduate admission will decide further details or issues that cannot be specified in this guideline.

Check List of Documents

Please submit the documents in the following order.

No.	List of Documents	Attachment	
		Yes <input type="checkbox"/>	No <input type="checkbox"/>
1	Application Form (Print out after completing online application)		
2	Check List of Documents (Form 1) (Print out after completing online application)		
3	Transcripts of Bachelor' s Degree * Transfer students must submit school transcripts prior to transfer		
4	Transcripts of Master' s Degree		
5	Diploma(Certificate) of Bachelor' s Degree * If submission is not possible, please submit 'certificate of expected graduation' or 'certificate of enrollment'.		
6	Diploma(Certificate) of Master' s Degree * If submission is not possible, please submit 'certificate of expected graduation' or 'certificate of enrollment'.		
7	Study Plan and Personal Statement (Form 2) (Print out after completing online application)		
8	English Test Report(Score)		
9	Letter of Disclosure Agreement (Form 3) (Print out after completing online application)		
10	Recommendation Letter from Others(Company, Institute, etc.) (Form 4) (* Only for student funded by Others(Company, Institute, etc.)) * No need to submit for those who pay for education expenses(tuition) by yourself		
11	Certificate of Employment (* Only for student funded by Others(Company, Institute, etc.)) * Submit only those who can issue a certificate * Applicants for the ICT Convergence are required to submit an employment certificate, which is not optional but mandatory.		
12	Additional Documents		

Study Plan and Personal Statement

- * Please be sure to write in English.
- * Changes to the form or submission of documents not completed on this form may result in exclusion from evaluation.

1. Name _____ 2. Application number _____

3. Scholarship

☐ Scholarship(Government or UNIST) ☐ Other Scholarship(Company, Institute, Yourself, etc.)

4. Degree Proposed ☐ Master ☐ Combined Master-Doctor ☐ Doctor

5. Application Unit (Major) _____ (Details: _____)

- * Applicants for UNIST-IBS Neuroscience Inter-Institutional Scholarship Admission should enter the details ‘UNIST-IBS Neuroscience Scholarship’
- * Applicants for UNIST-Korea Institute of Ceramic Engineering and Technology Inter-Institutional (KICET) Scholarship admission should enter the details ‘UNIST-KICET Scholarship’
- * ‘Details’ related to ‘Scholarship Admission’ can be selected on the application webpage when submitting an application.

6. Colleges/Universities Attended

	University	Major	Dates Attended	GPA/Scale
Bachelor				
Master				
Doctor				

7. Research Achievements

No.	Author	Title	Journal	Date Issued
1				
2				
3				

8. Preferred study field in detail (Write less than 500 characters in English)

Briefly describe the research field and research direction you are interested in and want to research.

9. Study Plan (Write less than 3,000 characters in English)

Provide a clear and detailed description of your study objectives, and provide reasons for wanting to pursue them at UNIST. Be specific about your specialized interests in this field. Describe the study program you expect to undertake, and explain how your study plan fits in with your previous training and your future objectives.

10. Personal Statement (Write less than 3,000 characters in English)

Please provide a description about yourself, your life or your goals.

Letter of Disclosure Agreement

To whom it may concern

This letter is to confirm that I attended (Write your Last graduation school's name)

I have applied to **UNIST, Republic of Korea, for the 2024 academic year** and have agreed to allow **UNIST** to officially request my academic records from previously attended schools. In this regard, I would like to request your full assistance when UNIST contacts you regarding verification of enrollment and transcripts.

◁Annex 1▷

- UNIST-IBS Neuroscience Inter-Institutional Scholarship Admission
 - Overview: UNIST-IBS Neuroscience Inter-Institutional Scholarship application guideline jointly operated by UNIST Department of Biomedical Engineering and Institute of Basic Science Center for Cognition and Sociality
 - Objective: To promote inter-disciplinary neuroscience research and cultivate global top-notch researchers by establishing an inter-institutional education model between university and research institute
 - Education and Research
 - Degrees: Biomedical Engineering Master's or Ph.D.
 - Curriculum: students take neuroscience-specialized courses in the UNIST Biomedical Engineering Graduate School Program
 - Credit Exchange: students can take courses in the neuroscience area at UST(University of Science and Technology) and earn credits
 - Research: Students should conduct inter-disciplinary research at both the UNIST and IBS laboratories and stay at each institute depending on research purposes as well as live in dormitories of each institute
 - Students must stay and work at both IBS and UNIST for certain periods of time
 - Scholarship
 - UNIST-IBS Neuroscience Inter-Institutional program is included in 'UNIST Scholarship' among the category of scholarships
 - ※ (M.S) 17,280,000 KRW or above annually (Ph.D) 20,880,000 KRW or above annually
 - ※ The scholarship seen above is covered the whole tuition fee and stipend ([M.S] More than KRW 800,000/month [Ph.D] More than KRW 1,100,000/month).
 - Each institute monthly pays stipend to students based on the share portion of institutes, and ceases the payment if students take time off or drop out of school
 - Payment is continued until the maximum period of each degree
 - Application Procedure
 - Application Procedure: UNIST Biomedical Engineering Graduate

School Neuroscience Inter-Institutional Scholarship

- Degrees: Master's, Ph.D., Combined Master's and Ph.D
- Capacity: within the capacity of UNIST Biomedical Engineering UNIST Scholarship in each year
- Application process: application to 'UNIST-IBS Neuroscience Inter-Institutional Scholarship' within the category of the Department of Biomedical Engineering UNIST Scholarship according to UNIST Graduate School Admission Guideline
- Admission process will follow the UNIST Graduate Students admission process

※ Inquiry: College of Information and Biotechnology Academic & Students Affairs Team

□ 「 ICT Convergence Master's Degree Program」 Admission

(Recruitment for employees of small and medium-sized enterprises in Ulsan-Gyeongnam-Busan region)

o Overview

- Purpose of program: To solve the shortage of advanced talents in the ICT field, a leading area of the Fourth Industrial Revolution within the local region, this program is designed to offer joint research and engineering master's degree support to local employees.
- The program ultimately cultivates ICT professionals with master's degree who are equipped with both convergence and practical skills for the field by offering customized courses and education that reflect the demands and requirements of participating companies.

o Education and research

- Major and Degree: Master of Science in ICT Convergence
- Completion Requirement: Completion of UNIST ICT Convergence Master's Degree Program curriculum
- Research Environment: Research projects in the field of biosignal data are continuously conducted at the institution.

o Scholarship Support

- Tuition: The program center supports up to 90% of the self-payment portion of the tuition fee.
- Small-sized enterprises: 90% support of the tuition, Medium-sized enterprises: 80% support of the tuition fee
- Graduates in the master's degree program are required to work for at least one year after obtaining their degree.

※ Tuition Fee: KRW 10,000,00 per year (the applicant pays first, and the center pays back)

※ Maintaining employment during the master's program is mandatory.

o Admission and Evaluation Process

- Application Procedure
 - 1) Application unit ICT Convergence(ICT Convergence Master's Degree Program)
 - 2) Qualification: Employees of small and medium-sized enterprises in the Ulsan, Gyeongnam, Busan region(Bachelor's degree holder)

- 3) Quota: Max. 25 students per year(Other scholarship)
 - 4) Select application unit: ICT Convergence and Other scholarship
 - 5) The admission and evaluation procedure are identical to UNIST Graduate School's admission process.
- ※ Changing major during the program is not allowed because the program is specialized in employees.
 - ※ Dropout during the program should return the support fund.
 - ※ Further inquiry
 - Academic & Students Affairs Team (☎ 052-217-1847, yoonyj12@unist.ac.kr)
 - 5T-SPACE Research Center for Regional Intelligence Innovation Talent Development Project (☎ 052-217-3271, tmdqls6043@unist.ac.kr)

<Annex 3>

□ UNIST-Korea Institute of Ceramic Engineering and Technology Inter-Institutional(KICET) Scholarship Admission

○ Overview

- This program aims to train researchers in the ceramic field.
- Students in this program should complete the degree program(Master, Doctor, Combined master-doctor) at UNIST as KICET student researchers.

○ Education and research

- Major: 'Urban Infrastructure Engineering' or 'Environmental Science Engineering' or 'Disaster Management Engineering'
- Degree: Master of Science in Engineering or Doctor of Philosophy in Engineering
- Curriculum: Based on 3 majors' curriculum(Urban Infrastructure Engineering, Environmental Science Engineering, Disaster Management Engineering)
- Research: Students should conduct inter-disciplinary research at both UNIST and KICET.

○ Scholarship

- The beneficiaries of this program are classified as UNIST Others Scholarship students(Student must pay full tuition. They are not eligible for scholarships and stipend from UNIST)

※ KICET pays labor costs to student researchers(The amount of labor costs is in accordance with Article 13 of the KICET Student Researcher Support Guidelines)

○ Application procedure

- Eligibility: Those who meet UNIST graduate admissions eligibility requirements
- Quota: 00
- Degree program: Master, Doctor, and Combined master-doctor
- Majors: 'Urban Infrastructure Engineering' or 'Environmental science Engineering' or 'Disaster Management Engineering'(Exclude Water-Energy Nexus)
- Caution: Applicants should choose 'Others Scholarship'
- Documents to be submitted: Same as the required documents stated in the UNIST Graduate admission guideline

- ※ Recommendation letter from company or institute is not required
- ※ Recommendation letter from the advisor(undergraduate or master' s) can be submitted
- ※ Inquiry: College of Engineering Academic & Student Affairs team
(☎ 052-217-1803, jyjeon326@unist.ac.kr)

❑ Important References for the application of the 2024 Fall graduate admission

o Fast-track program for Global Talents in Science & Technology

- Overview: A program for discovering talents in science and engineering by offering them customized support services and granting permanent residency and nationality fast.
- Intended Participants: Individuals who have earned a Master's or Doctoral degree in science and engineering universities(including UNIST) and research institutions and have granted Recommendation Letter from President from those universities and research institutions.
- A range of benefits program offers
 - 1) Residency visa will be granted even if you are not employed
 - 2) Permanent residency will be granted if you continue with research activities.
 - 3) Nationality will be granted if you demonstrate outstanding research activities.

Flowchart	Distinctive aspects of this program
	<ul style="list-style-type: none"> ▪ In-country residence requirement for obtaining a permanent residency and nationality is reduced <u>from 6 years to 3 years.</u> ▪ The pathway to permanent residency and naturalization is shortened <u>from 5 Steps to 3 Steps.</u> ▪ After graduation, a residency visa is granted regardless of whether you have a job or not only if you are granted Recommendation letter from President of UNIST.

- Requirements for each stage of the Global Talents Fast-Track program

Phase	Detailed Information
Phase 1 Residency	have earned a Master's or Doctoral degree in science and engineering universities and research institutions + Letter of Recommendation from the President of UNIST
↓	
Phase 2 Permanent Residency	have stayed in Korea for 3 years after qualifying for Step 1 + scored enough points under a points-based system (education level, research activities, field of study, income, place of residence, etc.)
↓	
Phase 3 Naturalization	Step 1 + Step 2 + outstanding research activities*

* Research Activities? : Publishing your theses in SCI/SSCI/A&HCI/KCI-indexed journals or acquiring domestic/international patents

o Application fee will be charged(starting from the 2024 Fall Admissions)

- Amount: KRW 50,000(About USD 40)
- The application is considered valid only after the payment of the application fee, and the application number will be automatically assigned upon payment of the application fee.
