☐ **UNIST-IBS Neuroscience Inter-Institutional Scholarship Admission**

o Overview: UNIST-IBS Neuroscience Inter-Institutional Scholarship application guideline jointly operated by UNIST Department of Biomedical Engineering and Institute of Basic Science Center for Cognition and Sociality

o Objective: To promote inter-disciplinary neuroscience research and cultivate global top-notched researchers by establishing an inter-institutional education model between university and research institute

o Education and Research

  - Degrees: Biomedical Engineering Master's or Ph.D.

  - Curriculum: Students take neuroscience-specialized courses in the UNIST Biomedical Engineering Graduate School Program

  - Credit Exchange: Students can take courses in the neuroscience area at UST(University of Science and Technology) and earn credits

  - Research: Students should conduct inter-disciplinary research at both the UNIST and IBS laboratories and stay at each institute depending on research purposes as well as live in dormitories of each institute

  - Students must stay and work at both IBS and UNIST for certain periods of time

o Scholarship

  - UNIST-IBS Neuroscience Inter-Institutional program is included in 'UNIST Scholarship' among the category of scholarships

     ※ (M.S) 17,280,000 KRW or above annually (Ph.D) 20,880,000 KRW or above annually

     ※ The scholarship seen above is covered the whole tuition fee and stipend ([M.S]
     ※ More than KRW 800,000/month [Ph.D] More than KRW 1,100,000/month).

  - Each institute monthly pays stipend to students based on the share portion of institutes, and ceases the payment if students take time off or drop out of school

  - Payment is continued until the maximum period of each degree

o Application Procedure

  - Application Procedure: UNIST Biomedical Engineering Graduate School Neuroscience Inter-Institutional Scholarship

  - Degrees: Master's, Ph.D., Combined Master's and Ph.D

  - Capacity: Within the capacity of UNIST Biomedical Engineering UNIST Scholarship in each year

  - Application process: Application to 'UNIST-IBS Neuroscience Inter-Institutional Scholarship' within the category of the Department of Biomedical Engineering Academic-Institutional Scholarship according to UNIST Graduate School Admission Guideline

  - Admission process will follow the UNIST Graduate Students admission process

☐ UNIST-Korea Institute of Ceramic Engineering and Technology Inter-Institutional(KICET) Scholarship Admission

o Overview

- This program aims to train researchers in the ceramic field.

- Students in this program should complete the degree program(Master, Doctor, Combined master-doctor) at UNIST as KICET student researchers.

o Education and research

- Department: Department of Civil, Urban, Earth and Environmental Engineering (CUEEn)

    Department of Materials Science and Engineering (MSE)

    Graduate School of Semiconductor Materials and Devices Engineering (SE)

    School of Energy and Chemical Engineering (ECHE)

- Degree: Master of Science in Engineering or Doctor of Philosophy in Engineering

- Curriculum: Based on 6 majors' curriculum (Urban Infrastructure Engineering, Disaster Management Engineering, Environmental Science Engineering, Materials Science and Engineering, Semiconductor Materials and Devices Engineering, Energy and Chemical Engineering)

- Research: Students should conduct inter-disciplinary research at both UNIST and KICET.

o Scholarship

- The beneficiaries of this program are classified as UNIST Others Scholarship students(Student must pay full tuition. They are not eligible for scholarships and stipend from UNIST)
